

2022 Morris Chapel Cemetery Clean Up

Family and friends of the Morris Chapel Cemetery Foundation, Keo, AR, the first annual cemetery cleanup day is scheduled for **Saturday, March 26, 2022, at 9am.**

We will be hand cleaning and pressure washing headstones. We have a list of materials necessary for the cleanup day, including yard trash bags, towels/cloths/rags, sponges, water, scrub brushes, rubber and work gloves, and cleaning fluids such as, D2 Biological Solution that is available at Walmart/Amazon and or other cleaning chemicals that are safe and effective for cleaning headstones.

In addition to these materials, we will need landscaping equipment, such as weed eaters/edgers/trimmers, lawn mowers, leaf blowers, gas and oil for the equipment. We need volunteers with trucks and utility trailers to haul off debris.

But just as important as the materials and equipment we need your time volunteering to do the work as well as your continued financial support to pay for the recurring expense of landscaping and maintaining the grounds as a sign of respect for our blood ancestors.

Other short-term goals, include purchasing topsoil, an entry gate, perimeter fencing and a sign bearing the cemetery name, the date the cemetery was established and other relative historical information. Lunch will be served immediately after the clean-up.

Please RSVP by March 18, 2022, to Queen Parker Dubose at (850) 305-3288, Ora Parker at (501) 663-7468 or Rizelle Aaron at (501) 940-4619.

Financial contributions should be mailed to Morris Chapel Cemetery, c/o Ora Parker, 7402 Choctaw Rd., Little Rock, AR 72205 or Morris Chapel Cemetery, P. O. Box 582, Jacksonville AR, 72078

NOTE: In the event of inclement weather (rain) this will be rescheduled to the following weekend.
